Subject: Joint Expeditionary Base Little Creek
Draft Action Memorandum
SWMU 3 – Pier 10 Sandblast Yard

Dear Mr. Peed:

The Virginia Department of Environmental Quality (VDEQ), Office of Federal Facilities Restoration has reviewed the *Draft Action Memorandum for SWMU 3 – Pier 10 Sandblast Yard* dated October 2012. Based on the VDEQ review we offer the following comments:

1. Declaration Page: Please note in the declaration the action does not represent the final action for the site. Perhaps the last sentence of the 1st paragraph could include, "and does not represent the final action for the site."
2. Section V.A.1: In the 4th paragraph please note the dredge scow will operate within the work area contained by the silt curtain and oil booms. Also, please note the discharge from the filter system will be to the area of Little Creek Harbor contained within the silt curtain and oil booms.

This concludes VDEQ's comments on this document at this time. Should you have any questions concerning these comments, please give me a call at (804) 698-4464.

Sincerely,

A handwritten signature in blue ink, appearing to read "Paul E. Herman".

Paul E. Herman, P.E.
Remediation Project Manager
